ECONOMIC CAPITAL
AT A GLANCE: AREAS OF FOCUS

Continue to invest and revitalize the downtown

Why? The downtown core is the City's 'primary urban node'. It is the heart of the community and the focal point for cultural venues, business, government and shopping and dining. The goal is to create a vibrant and prosperous downtown.

How we plan do this:

- There are a broad range of public and private sector investment occurring in the downtown core including
  - Downtown Transit Hub
  - Commercial Street Revitalization
  - Redevelopment of key sites (Jones Burns, A&B Sounds, Telus Port Drive)
  - Commercial Street Nightmarket

Position Nanaimo as the transportation and logistics hub for Vancouver Island

Why? Nanaimo has a competitive advantage over other communities on Vancouver Island as a centrally located, deep sea port with excellent marine, road and rail connections.

How we plan do this:

- Development and implement a Transportation and Logistics Strategy with a long term multi modal perspective to position Nanaimo towards a healthy economic, demographic and technological future.

Develop a Health Care Centre of Excellence

Why? Centralizing health care services for residents of Vancouver Island north of the Malahat in Nanaimo will create significant employment in the City and provide a high level of care for residents and make Nanaimo an even more attractive place to live, work and play.

How we plan do this:

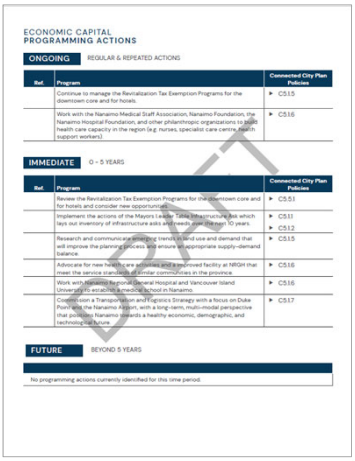

- Advocate for new health care activities and care at Nanaimo Regional General Hospital
- Work with Nanaimo Regional General Hospital and Vancouver Island University to establish a medical school in Nanaimo
